To Whom It May Concern:

RE: Lionshead Construction Company.  
Mr. San Ashgar

This is to inform you that Lionshead Construction Company under Mr. San Ashgar was given a contract to perform a major renovation of my periodontal office in Vancouver. The scope of the project was to demolish and repartition the waiting room and doctor's office; new flooring and painting for the entire office; new cabinetry, desks, seats and lighting for the waiting room and doctor's office; partition and installation of a new panoramic radiographic machine. The project started at the end of July, 2017 and completed three weeks into August, 2017 as planned.

Mr. San Ashgar kept to the schedule of construction as promised. Lionshead Construction was able to complete all tasks in just over 3 weeks and was able to perform all tasks independently while at the same time kept me abreast on the progress. Lionshead was also very accommodating on a few changes I had to make on the project.

Mr. San Ashgar kept to the cost estimated at time the contract was awarded. I was also very impressed with the aftercare of the project performed by Lionshead.

I highly recommend Lionshead Construction Company under Mr. San Ashgar to anyone. I will be happy to offer any additional information if required.

Sincerely,

Robert Leung, DMD, MPH, FCDS(BC), FRCD(C)
