To whom this might concern,

I have known Mr. San Ashgar for over 3 years. His work ethic, maturity, professional attitude and timely results have always impressed me. I have recommended his services to multiple colleagues who have built their clinics to satisfaction.

This man cares about the professional and understands that the value that should be provided to a client goes beyond a simple transaction. Mr. Ashgar has looked after my projects and has made them their own.

I'm the proud and happy owner of two dental clinics built by him and his staff. I recommend his services to anyone interested in building or remodeling a facility.

Please don't hesitate to contact me should you want to hear more about my experience of working with San Ashgar at Lion's head construction.

Warmest regards,

Dr. Nancy Vertel
